"A Church in Conflict" – 1 Corinthians 4:1-6:20

---

1. Paul in 3:18-19a speaks to the Corinthians about having an unhealthy view of their importance and wisdom. Why is humility so important when one thinks about their life and successes?
2. The characteristics of spiritual immaturity are found in 1 Corinthians 3:3. How would you describe the spiritual health/maturity of yourself, King Street, and the American Church in comparison to this list?
3. Paul uses himself as an example to imitate (1 Corinthians 4:9-13). Who are people that you have aspired to be like and for what reason? Did those people stand up to or fall short of the pedestal that they were placed on?
4. Have you ever thought about the implications of being a spiritual parent? What are some of the responsibilities of being a spiritual parent? How do they mirror parenting? How do they differ from parenting?
5. The Corinthians had a mistaken understanding of "Christian Freedom." Where does our Christian freedom come from and how can we ensure that we don't use our freedom to glorify the flesh?
